

## OFFICE NON-RECORDING POLICY

It is the strict policy of Kenneth Wilstead, DMD, PA (hereinafter referred to as the "Practice"), to not allow recording(s) (either video or audio), of its office location, staff, employees, or patients, by any other person(s), besides the Practice itself.

In agreeing to be treated by the Practice, the patient, their family members, friends, or any other related third parties, agree that they shall not record (either video or audio), at any time, while in the offices of the Practice, or any patients entering the Practice's physical location.

If anyone violates this policy, that person shall be removed from the premises, and agrees to hand over to Practice any of the unauthorized video or audio and agrees to allow Practice's employees to delete or destroy any such recordings. Furthermore, any unauthorized recordings shall become the property of the Practice.

The reason for such a policy, is that the Practice has a duty to preserve and maintain its patients' rights and confidentialities, and as such, the Practice is not a public space for recording, and any recording may violate the Practice's patient's confidentiality.
